

# Quest HPI18S

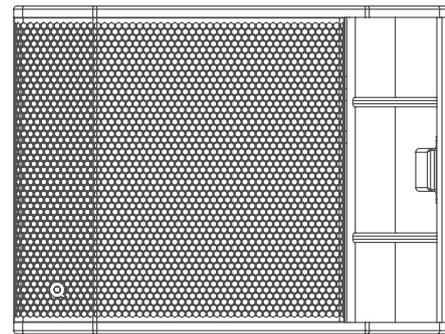

## Deep & Lightweight Subwoofer

The custom built 18" driver in the HPI18S is an exceptionally lightweight single 18" sub.

A 35mm top hat can accommodate a standard speaker pole for mounting a satellite mid-high box.

The birch ply casing looks serious and is built to last the distance in a high performance environment. The angled connector panel is a thoughtful addition to act as a strain relief to the speaker connection and also make it possible to mount the box next to a wall if necessary.

## Specifications

Power Handling (recommended amplifier @ 8ohms)	2000 W RMS
Frequency Response	30-200 Hz (+/-6dB)
Sensitivity (1w @ 1m)	96 @ 100Hz
Maximum SPL @ 1m *	134 dB
Impedance	8 ohms
Connections and Wiring	2x Speakon NL4 [1+/- In; 2+/- through]
Woofer	High excursion neodymium 18" woofer
Directivity	Omni-directional
Dimensions (HxWxD)	680 x 680 x 520 mm (speaker)
Weight	35kg Net (speaker)
